

▶ A BETTER SOLUTION

The right tools for the job: If you have been frustrated in the past with expensive and complicated software, you will love Progeos' easy to use intuitive solutions.

Manage Code Enforcement Over the Web: Code Manager allows web-based code violation complaints to be entered, tracked and reviewed by the Code Enforcement Officer over the web.

Generate Notifications of Inspection: Users can automatically generate inspection notifications and track any changes from the Code Enforcement Office.

Search Code Violations Over Time: Search for code violations by date, violation type or by address.

Spatial Search: Click on a map, search for code statutes and violations for a particular neighborhood address in your municipality (only available if users have purchased Land Manager).

Query Data: Over the course of a week, month or year users can generate progress reports to monitor inspections and violations, ensuring office efficiency.

Map Code Violations: Using Progeos' Land Manager, municipal employees can view open inspection cases and violations via an online map (only available if users have purchased Land Manager).

Use from Home: Using Progeos' web-based municipal tools, residents and businesses can access valuable information 24/7.

Use only what you need:

You only pay for the services you want to use, and they can be turned on when you are ready for them. Services include tools for:

- Land Management
- Property Management
- Service Request Management
- Code Enforcement
- Permit Management
- Road Management
- Zoning Request Management

**All for an affordable fee –
with no hidden costs**

▶ MODULAR APPROACH

▶ CODE MANAGER

▶ FEATURES

Powerful, Easy to Use Tools:

Progeos Code Manager online mapping tools can streamline your Code Enforcement workflows, helping your municipality serve residents more efficiently.

Progeos Code Manager's easy to use online tools allow users to access code violation reports, inspection records and pay for fees and fines associated with their particular case, freeing up resources at city hall.

Additional features allow users to search code and inspection histories by a variety of means including by address, owner, date or by via online mapping tools.

Progeos web-based tools help make your government services more accessible and easy to use.

▶ BENEFITS

Affordable Web Technology

Progeos' affordable fee with no hidden costs helps make your online municipal services a reality.

Flexible Technology

Progeos tools are completely web-based, increasing access to your municipality's services by creating a 24/7 town hall.
